

**DEPARTMENT OF RELIGIOUS MANAGEMENT AND CULTURAL STUDIES
AMBROSE ALLI UNIVERSITY, EKPOMA**

HANDBOOK

HISTORY OF THE PROGRAMME

Introduction

What is now known as the Department of Religious Management and Cultural Studies used to be Department of Religious Studies until June 1997 when its nomenclature was changed to its present name.

Founding of the Department

Religious Studies actually took off as a Department in the defunct College of Arts and Social Sciences in 1982/83 session with one Professor, late Prof. S.U. Eriwo and one Graduate Assistant, Mr. J.O. Osasona. To assist these two permanent members of staff, two Youth Corpers were posted to the Department for their primary assignment. Even though the Department came into being in October 1982, eight (8) students were already admitted for B.A. Religious Studies /Education in February 1982. Since there were no full-time academic members of staff to teach those students then, part-time lecturers drawn from other universities were employed. Thus, by 1982/83, when the Department actually took off, there were ten (10) students at 200 Level who were admitted by Direct Entry and fifteen (15) at 100 Level, giving a total of twenty-five (25) students.

In 1997/98 session, the Department of Religious Studies was renamed Department of Religious Management and Cultural Studies in order to attract more students. Furthermore, the Diploma in Religious Studies programme took off the same year. In fact, all these are indices of a greater and brighter future for the Department. Although the Diploma programme was scrapped in the year 2002, the Department now offers two-degree options, viz B.A. Religious Studies (BARST) and B.A. Religious Management and Cultural Studies (BARCS). This second option produced its first set of graduates in 2004/2005 session. The Department also offers Postgraduate programme since 1991 for Masters and Ph.D in Religious Studies with specialization in Biblical

Studies, Church History, African Traditional Religion, Philosophy of Religion and Christian Theology. The present Acting Head of Department is Dr. (Mrs) Bosede Gladys Ogedegbe.

GENERAL ACADEMIC RULES, REGULATIONS AND PERFORMANCE MEASUREMENT

1. a. Students performance on a course, at all levels, shall be recorded in letter grades (After due conversion from percentage scores) as follows:

%Scores	Grades	Grades Point
70-100	A	5
60-69	B	4
50-59	C	3
45-49	D	2

40-44	E	1
0-39	F	0

NB: With effect from 2013/2014 a new grading system is now applicable, viz

%Scores	Grades	Grades Point
70- 100	A	5
60- 69	B	4
50- 59	C	3
45- 49	D	2
0- 44	F	0

b. Computation of Result/ Calculation of CGPA

GPA = Grade Point Average

CGPA = Cumulative Grade Point Average

TNU = Total Number of Units Offered

The sum of the units carried by each courses offered

CP = Credit earned times the number of units carried by the subject

TCP = Total Credit Point earned

The sum of the credits earned for each courses offered

C = Cumulative

GPA = TCP/TNU

CGPA = CTCP/CTNU

GPA Calculation

If a student's score is 70 in a 3-unit course such as RMC 101, then such a student has (3x5=15) points; the summation of all the points in an examination then gives the Total Credit Point (TCP), while the addition of all units offered by the student for the Semester gives the Total Number of Units (TNU). TCP divided by TNU gives the Grade Point Average (GPA). The First Semester result of a typical Part 1 student before the adjustment of 2013/2014 is produced below as an example:

Courses	Unit	Candidate's Grade
RMC 101	3	70 A = 3x5 = 15
RMC 102	3	60 B = 3x4 = 12
RES 103	3	50 C = 3x3 = 9
RES 101	3	60 B = 3x4 = 12
PHIL 102	3	45 D = 3x2 = 6
ELS 103	3	40 E = 3x1 = 3
TNU = 18, TCP = 57		
GPA = TCP/TNU = 57/18 = 3.166		

Also, the student's hypothetical Second Semester result is produced in the table below:

Courses	Unit	Candidate's Grade
RMC 111	3	65 B = $3 \times 4 = 12$
RES 112	3	85 A = $3 \times 5 = 15$
RMC 113	3	56 C = $3 \times 3 = 9$
RES 113	2	75 A = $2 \times 5 = 10$
PHIL 113	3	55 C = $3 \times 3 = 9$
ELS 113	3	63 B = $3 \times 4 = 12$
TNU = 17, TCP = 67		
GPA = $TCP/TNU = 67/17 = 3.941$		

Therefore, the candidate's Cumulative Grade Point Average (CGPA) for the session is:

$$CGPA = CTP/CTNU = (57+67)/(18+17) = 124/35 = 3.54.$$

The same method of calculation is applicable to RES Option.

- c. Each of these letters is assigned an equivalent number of grade points as indicated above. The number of grade points for each course completed by a student is computed by multiplying the number of credit units for the course by the grade point equivalent of the grade he/she obtained in that course.
 - i. At the end of each semester when the grades for all courses have been assembled, each student's grade point average (GPA) is calculated by dividing the total number of grade points obtained by the total number of units of all degree courses for which the student has registered.
 - ii. Computation of units and grades would start from 100 level or 200 level, depending on the point of admission into University, so that the cumulative grade point average (CGPA) at graduation is for the entire course.
2. A bachelor degree programme will normally be completed in 8 semesters for a 4-year programme: 10 semesters for a 5-year programme (two Semesters less for those who join at 200 levels). Date of degree shall correspond with the end of the semester in which the student completed his/her course requirements.
3. A student is required to obtain a minimum grade of D for each examination he/she takes. A student should repeat a course in which he/she failed to obtain a minimum passing grade he/she obtains there in. Every grade obtained will be used in the computation of Cumulative Grade Point Average (CGPA) up to the final year.
4. To qualify for an honours degree, a student shall complete his/her studies in not more than one and half times the normal duration of his/her programme.
5. For a student to be in good academic standing, he/she must obtain a minimum cumulative grade point average of 1.00 at the end of each session. Failure to do so will earn such student

probation. A student, who remains on probation for two consecutive sessions, will normally be asked to withdraw from the programme he/she is registered, without prejudice to being admitted into another programme in the University.

6. A student who attains a carryover/s shall first register for his/her back log of required courses before he/she can, within the limits of 48 credit units of the semester be allowed to register for the other courses.
7. A student who transfers from one programme to another or from another University may be credited with those course credit units earned which are relevant to the curriculum of the new programme.

REGULATION FOR LEAVE OF ABSENCE

1. A Student who absents him/herself for one full session without a valid reason will be regarded as having voluntarily withdrawn from the University, irrespective of his/her cumulative grade point average.
2. A student for good reasons and with the approval of Senate can suspend his/her programme of study for a maximum of one calendar year, renewable.
3. Two categories of students can be considered for leave of absence. These are: students already in the University and students seeking deferment after matriculation.
4. The condition under which students could be granted leave of absence should include financial, medical, late receipt of admission letters, compassionate, domestic or public assignment or for any other reasons approved by Senate.
5. Deferment should normally be for one year and that resumption of student thereafter should normally be the following First Semester.
6. In the case of students seeking leave of absence for financial reasons or domestic reasons or public assignment, the period of break should not be longer than two semesters per request.
7. On medical grounds, leave of absence should not normally be longer than one year per request.
8. Any student who fails to register for courses during one academic session should be deemed to have withdrawn from the University and therefore, his/her studentship shall lapse.
9. The class of degree awarded, on the basis of the student's cumulative grade point average at the end of the degree programme, are as follow:

Class of Degree	CGPA
First Class	4.50 – 5.00
2 nd Class Upper	3.50 – 4.49
2 nd Class Lower	2.40 – 3.49
Third Class	1.50 – 2.39
Pass	1.00 – 1.49

Addendum: with effect from 2013/2014 the award of PASS Degree is no longer tenable.

DURATION OF PROGRAMME

The maximum number of years for completion of a four year programme is six years and five years for the completion of a three year programme. (This means that the maximum for a direct entry student to a four year programme is five years).

CLASS ATTENDANCE

1. Attendance register shall be marked at all lectures.
2. Student shall be surcharged for late registration; late registration begins at the expiration of four weeks after the resumption day.

ELIGIBILITY FOR EXAMINATION

1. A student must have duly registered for the courses in which he/she intends to write examination.
2. Failure to meet 80% class attendance shall render a student ineligible to sit for examinations. Academic misconduct involving examinations shall attract appropriate sanction after due processes.

Academic misconduct includes the following

- i. Cheating in examination, test, assignments, term paper etc. cheating includes copying from another student's work or consulting with any unauthorized person during examination or test.
- ii. Impersonating another student or being impersonated.
- iii. Plagiarism i.e. use of other people's ideas, writings, word etc, without acknowledgement, in examinations, tests, assignments, term paper or projects.
- iv. Buying or stealing or obtaining illegally, examination questions.
- v. Falsifying examination records or results to gain admission into University.
- vi. Faking sickness or submitting false medical certificate to avoid examination
- vii. Causing commotion at examination centers, harassing or intimidating students and staff at examination centre.

Categorization of Courses

(a) Core Courses (C)

These are courses that must be mounted by the University, taken by the student and must be passed in respect of a particular degree programme.

(b) Required Courses (R)

These are courses which are mounted by the University, taken by the student on the advice of the Department in respect of a particular degree programme but which the student may or may not pass.

(c) Elective Courses (E)

These are courses which a student may take in respect of any degree programme but he/she may or may not pass.

(d) Pre-Requisite Courses

- (i) Pre-requisite courses are courses the knowledge of which is necessary prior to the taking of other specified (usually higher level) courses. A student is deemed to have obtained this pre-requisite knowledge if he/she obtains a mark not less than 30% but will not be credited with any grade point in the course concerned except he/she scores a minimum mark of 40% or 45% effective from 2013/2014.
- (ii) Pre-requisite courses must be reflected where applicable. As much as possible no course should be pre-requisite for a course at the same level. Rather such a course should term a concurrent course, that is, a course that is taken at the same time (session) as the specified course.

(2.) B.A. RELIGIOUS MANAGEMENT AND CULTURAL STUDIES

Philosophy

The programme covers all the facets of religious phenomena as they affect the history, tradition, economics, social, political and ethics of man. The effect of this approach is to develop man in his existential reality to produce an all-round society in realizing life objectives. The programme also focuses on the critical study of the relationship between religion and culture and the management of religious crises likely to ensue in a pluralistic society. The programme is therefore aimed at equipping the students with a broad foundation of knowledge in the field of religion and culture thereby becoming more tolerant, accommodating and peaceable in more constructive and meaningful ways.

Aims and Objectives

The aim of the Department is primarily academic and socially functional. Its primary purpose is discipline to the end that truth may be discovered, established and preserved. The aims and objectives are itemized as follows:

- (i) to acquaint students with the main contents of the major religious traditions commonly practiced in Africa, namely: Christianity, Islam and Traditional Religion. Thus, the programme does not present any religious system as a *sui generis* exclusivist system; hence it also delves into other world religious phenomena such as Buddhism, Hinduism, Shintoism, Zoroastrianism and Jainism.
 - (ii) to prepare the students for teaching job, civil service jobs and administration both in private and public sectors;
 - (iii) to equip the students with the principles of crises management especially religious crises which have become the bane of Nigerian society;
 - (iv) to equip students to manage religious institutions and serve as experts in the various Ministries involved in Culture and Tourism;
 - (v) To adequately prepare students for post-graduate research in religions and culture.
- Thus the student's expertise in crisis management, teaching and administration is of great service to the larger Nigerian society.
